# K12 System ADJ

Thanks to the reduced size and minimal design, the new K12 SYSTEM ADJ provides a new concept of elegance in all details. Wide range of N strengths, to suit any door dimension and weight.

K12 SYSTEM ADJ provides also an integrated mechanism for the adjustment of the opening angle, in order to align nearby doors.

K12 SYSTEM ADJ, an easy-to-install solution that makes additional screws unnecessary, improving the aesthetic and reducing assembling time.

K12 SYSTEM ADJ operates through click-in door and side supports, sensibly reducing the risk of unsafe or improper installation.

K12 SYSTEM ADJ ensures a smooth and continuous movement of the door up to its maximum opening.

A new dimension of elegance.

## K Push Tech

K PUSH TECH is the fully renewed and extended program of automatic opening systems for doors without handles or knobs. It comes with a fresh new and even more captivating design, together with a wider range of colours and new high performing materials, so that the system combines harmoniously with a large variety of furniture finishes. Besides the aesthetical improvements K PUSH TECH features several technical enhancements, such as an increased adjustment (up to 6 mm) and a locking wich prevents the ejection of the tip.

## Kimana

KIMANA is the new hinge conceived to open and close lift up and drop down doors. Provided with a unique and exclusive movement, it allows to open cabinet doors in column, even when the cabinet bottom lies upon another panel or the cabinet top is surmounted by a decorative/lighting panel.

A touch of style.

# Link

LINK is the freshly-designed drop down opening system. LINK is an unhandled mechanism for cabinet sides, the only one on the market that guarantees both a smooth opening and a soft closing movement of the door. Installation is carried out through very simple drilling operations that don't require neither mills nor grooves. A complete range suits all the doors weights and dimensions. LINK is suitable for very shallow cabinets with a minimum depth of 200 mm. LINK provides a very simple installation and an opening angle adjustment for nearby doors alignment.

Link your expectations  
to the finest.

HANGERS

## Libra H7

LIBRA H7, the latest development in suspended bases hangers program, is available in two main versions: screw fixing and dowel fixing, both with optional aluminium bars.

LIBRA H7 hanging system provides vertical and in-depth adjustments, with integrated locking of the cabinet, that can be easily and smoothly carried out from the inside. LIBRA H7 hanging system is never interfering with the slides for drawers thanks to the slim side bracket wings. Absolutely no mills, nor grooves required on the side panels.

A choice that strongly  
supports your ideas.

## Libra H6

LIBRA H6 is the left/right cabinet hanger with 2 semi-circular pins  $\varnothing$  15 mm + pre-inserted screw for the top (if required).

It features an innovative locking device to the side panel conceived to sensibly increase the capacity loading of the cabinet.

## Liku

LIKU is the innovative concealed hanger designed to fix suspended libraries and cabinets to the wall even when their structure is conceived without the back panel.

LIKU is created to sustain very heavy pieces of furniture with very heavy loads.

No limits in safety.

## Libra H4

LIBRA H4 is the cabinet hanger with 3 pins + hole for fixing to the cabinet top, available in right-handed and left-handed version. LIBRA H4 is to be used only on those cabinets where the top panel is flushing with the back panel.

## LEVELLERS

# Atacama J

ATACAMA J is the new leveller to align heavy duty wardrobes, bookcases and modular furniture with a connecting system built into. Suitable for 60 mm plinths. It is fixed on the furniture bottom through two housings, in order to provide an easier and more stable installation.

# Rekord 12

REKORD 12 is the concealed leveller for sides 18 mm thick (minimum) suitable to align heavy duty wardrobes, bookcases and modular furniture, especially conceived for flat pack furniture.

# Integrato

INTEGRATO is the adjustor leveller used for the furniture height adjustment from the floor. This is innovative because it allows to adjust the wardrobe height even if it has already been filled. This is due to an independent plastic support glide.

# Integrato Z

INTEGRATO Z is the leveller particularly suitable for wall units with weight-bearing bottoms. A  $\varnothing$  8 mm through hole in the furniture bottom allows the adjustment of the independent glide by using a S6 mm allen wrench or both cross and blade screwdriver.

# Triade System

TRIADE is the concealed mounting bracket for shelves. It has been conceived to simplify the shelf installation. It is provided with three independent adjustments: vertical, horizontal and inclination adjustment.

Invisible strength.

## SHELF SUPPORTS

The power of beauty.

## Maori

MAORI is the new concept in wood shelf supports, to be slotted into the panel by making face borings.

It is ideal for modular cabinets and modular furniture sporting a wide range of thicknesses. In fact MAORI can be used for the shelves minimum 12mm thick.

The small side bracket round ledge flushes with the lower side of the shelf making it aesthetically very elegant.

## Unico

UNICO is a shelf support made of one single piece and its insertion, either manually or through automatic machines, is extremely fast and easy. The support is inserted by making pressure and its blocking and unblocking can be made with a finger.

## Kubic

KUBIC is the new locking glass shelf support, freshly designed to match the contemporary aesthetic trends of the market. Conceived to guarantee furniture transportation with glass shelves already assembled. locking and unlocking of the glass shelf can be carried out manually without any tool.

# Target

Structural connecting fitting with high fastening capacity, suitable for mounting with wood dowels. Ideal solution for the installation of cabinets in tight spaces. Possibility of pre-assembling into the panels without obstructing the packaging.

Strong, fast and easy, right on Target!

## LH7.28 leveller LH7.20 leveller

Leveller for cabinets with ground base. Easy adjustment with a S4 allen wrench. The engineering plastic glide prevent the scratching of the floor. Conceived to be used with TARGET connecting fitting. Mechanical end stop. 5 mm adjustment.
