The screenshot shows the 'New customer registration' form on the Dēmos portal. The header features the Dēmos logo and the tagline 'All for the furniture making'. The form is titled 'New customer registration' and includes a thank-you message. It is divided into a 'Company information' section and a registration form. The 'Company information' section includes a 'Country' dropdown menu (set to EU) and a 'TIN' input field. The registration form contains six input fields: 'Company identification number', 'Business name', 'Street', 'Municipality', 'Post code', and 'E-mail'. Each field has a red asterisk indicating it is required. A note at the bottom states: 'For example, e-mail is used to send invoices in electronic form.'

Search. You can use the full-text search engine with autocomplete at the top of the screen at any time. The search covers the product range (code, name, description), categories, supplier brands, and articles. The system searches based on root words, and the searched term is always highlighted for better clarity. You can add a product to your cart directly from the autocomplete suggestions.

The screenshot displays the Demos 24 PLUS website interface. At the top, a search bar contains the text 'strongbox'. To the right of the search bar, there are icons for a magnifying glass, a currency selector set to 'EUR', and a user profile icon with the text 'example Credit: 0 EUR'. Below the search bar, a dropdown menu shows search results for 'strongbox'. The results are organized into three columns: 'Articles', 'Top product', and 'Products'.

On the left side of the page, there is a sidebar menu under the heading 'Assortment'. It includes a section for 'Fittings and complementary material' with various categories like 'Furniture hinges and lift fittings', 'Drawer slides', 'Furniture locks', 'Handles and hooks', 'Door handles, hinges, locks', 'Door fittings', 'Wire programme', 'Connecting fittings', 'Table and rectification legs, castors', 'Sinks, cutlery trays, sorters, hoods', 'Lights', and 'Office equipment'.

You can find and manage your Company Details in the **Customer Section** in the top right corner. For more on this topic, see page 30. The currently active **Cart** is also displayed in the top right part of the screen. You can learn how to work with carts on pages 25–28. The complete **Assortment** on the left is divided into individual expandable groups and subgroups. More information about categories and the Assortment section can be found starting on page 18.

The screenshot displays the Demos 24 PLUS website interface. At the top, there is a search bar with the placeholder text "Enter the product code or search term, e.g. StrongMax". To the right of the search bar, there are links for currency (% EUR), a user profile (example Credit: 0 EUR), and a shopping cart (4 items, Total: 325,91 EUR). Below the search bar, a navigation menu includes links for Assortment, Sales support, Production, Orders, Documents, News, Complaints, and Contacts. Extended cart functions

Under the cart name, you have additional functions, such as the option to **copy or move items** between carts

The screenshot displays the Demos 24PLUS web application. At the top, there is a search bar and a navigation menu with options like Assortment, Sales support, Production, Orders, Documents, News, Complaints, and Contacts. The main section shows a shopping cart titled 'Without title'. Below the title, there are tabs for 'Without title', '10', '11', '12', '20', '25.2.2026', '26.2.2026', 'bbb', and 'bbbb'. A 'Quick purchase' button is visible next to the cart title. The cart contains several items, including 'Stronghinges S5 Hinge Clip-On Overlay', 'StrongFix Confirmate 5/50 zinc white', and 'TWIN ICE P1540 HR BB/CM'. A 'Budget' modal is open, allowing users to create a budget based on partner prices, view prices, calculate prices, and set material price increase, shipping, and work prices. The modal also includes a 'Custom description' field and a 'Format' dropdown set to 'PDF'. A 'Create' button is at the bottom of the modal.

In the field "Custom Description", you can type a text of 18 characters including spaces. Enter the amount in € in the adjacent value field.

Discount (in %):

Format: PDF

Create

The **'Print'** function triggers a download of the current cart (order in progress) as a PDF, providing an overview of products and prices. You can print the final order once it has been submitted.

For each cart, you can create a **'Budget'**. You can choose to calculate it using partner prices (including your discounts) or base prices (prices without partner discounts). The generated budget can be saved in PDF or Excel format and used, for example, for your own customers.

Items Import allows you to upload your product file in CSV or XML format. After selecting the file, click “Import” located below the cart name. You can also easily **Export** your order items for your own further use.

Order creation

In the **Delivery Details** step, you can easily **set your preferred delivery date** using the calendar icon.

This section also provides a complete logistics overview, including your delivery address, custom order notes, and the expected delivery date for each specific item. Once reviewed, simply click "Continue to summary" to proceed.

The Payment form field offers two main options: you can choose between cash on delivery via **online card payment or payment by invoice**. This allows you to select the most convenient transaction method for your specific order requirements.

As an owner, you set account **permissions for your contact persons**, meaning that your accountant, showroom salesperson, warehouse manager, or buyer can have different rights for managing the cart or document visibility.

You can choose from preset roles or use checkboxes to adjust individual permissions. For example, by disabling the "View selling prices and discounts" permission, the portal will only display base prices.

Documents

In the Documents section of the main menu, you will find an overview of your documents. If a new document has been prepared for you or an existing one has been modified, you will see blue and red **notification dots** immediately.

Complaints

If something goes wrong, you have the option to file a complaint through the portal. This section provides an overview of all your complaints, their resolution status, submission method, and our official statement regarding the claim. Once a complaint is filed, you can print a complaint report in PDF format.

In the first step of the process, you can **select specific items from your delivery notes** for the claim. These items can be searched by assortment name or code, delivery note number, order title, or shipping date. For each claimed item, you will provide a description and your proposed resolution method, and you can also attach an image of the goods.

Sales support

In the Sales Support tab, you will find an overview of our **support services**, such as catalogues, order forms, and more. You can find Démos catalogues and brochures as well as supplier catalogues here, which you can download or view online with active links to the Démos24Plus portal. The content is diverse, offering instructions, technical parameters, usage guidelines, inspiration, the latest trends, and much more in one place.

All necessary product information is located right here in Sales Support, including assembly instructions, videos, or certificates, as well as mobile apps from Démos and other suppliers. These apps allow you to, for example, visualize selected Egger decors or utilize augmented reality services when installing Blum products, along with many other features.

Price list configurator

Using the **Price list configurator**, you can easily create a price list based on your required parameters. In the first step, you can select the brand and assortment groups, and subsequently, you choose the availability and the price generation method.
